### TECH STACK & SKILLS

#### Frontend

- React, Typescript, NextJS, Tailwind, React Query
- Viem, Wagmi, Privy (or other compatible wallet provider)

#### Backend

- Node.JS, Postgres, REST & GraphQL APIs, Cloud (large range of db tech & ORMs)
- Smart contract testing & automation with Foundry
- Ponder or Subgraph (indexing)

- Comfortable exploring and learning new technologies outside direct expertise.
- Design, develop, and iterate on web applications and user growth strategies.
- Own the end-to-end process: brainstorm, develop, test, and measure success.

### EXPERIENCE

#### FOUNDER & FREELANCE

Jan 2024 - present

- Retro space shooter farcaster frame with streaming rewards. <https://astroblock.xyz>. Raised 14 ETH & Launched \$ASTRO
- Harberger advertising protocol on base. <https://adland.space>
- ETH Global Hackathons (Lisbon, Prague, Paris, Brussels securing ~ 5k\$ in prizes) joined Superfluid Frontier Guild Builder Grant program
- Freelance @ Peanut Protocol

#### BLOCKCHAIN DEVELOPER

Futures Factory | May 2022 - June 2023

- Led the design & development of a social protocol for fashion designers & collectors (Flexible Collecting Smart Contracts ERC1155-ERC721)
- Implemented ticket sales to private lists with a fair reveal mechanism
- Stack: Solidity, foundry, Arweave, Three.js, wagmi, Ceramic Network

#### FULLSTACK DEVELOPER

Sismo | September 2021 - April 2022

- dApp distributing ENS sub-domains & minting of governance tokens
- Designed and developed decentralized identity and reputation systems
- Stack: Solidity, Hardhat, ethers.js, The Graph

#### FULLSTACK DEVELOPER

Theodo | December 2020 - June 2021

- Developed a large purchase dashboard (React, Typescript, serverless functions, AWS)

#### FULLSTACK DEVELOPPEUR

LA PILULE ROUGE | August 2018 - October 2020

- Mobile & web fullStack Apps with serverless backends. (Stack: Expo, AWS Lambda, DynamoDB, CloudFormation)
- Frontend marketplace support for large account applications.
- FullStack iterative payment solution with Stripe & Trello.

### EDUCATION

#### SOFTWARE DEVELOPER

Wild Code School, Lille | 2018

#### SOFTWARE ENGINEER

Ecole 42 | 2017

#### BACHELOR OF SCIENCE, MICROBIOLOGY

Penn State University | 2010 - 2015
